Dear Matthew and Sam,

The IEEE 802.1 Working Group would like to update the NVO3 Working Group on our progress IEEE P802.1Qcy VDP Extension to Support NVO3.

We have begun Sponsor ballot IEEE P802.1Qcy. Sponsor ballot is the final stage of balloting for a draft (roughly similar to last call in IETF). We would appreciate feedback by 15 May 2018 from NVO3 participants on the draft. We will send you details on how to access the draft so you can provide access to those interested in participating in the review.

We look forward to the input of the NVO3 Working Group as we continue to develop this draft.

Best regards,

Glenn Parsons
Chair, IEEE 802.1
