21 February 2000

Via: Airmail; Advance copy via fax (+1 303 497 7828)

Dear Dr. Marks,

I refer to Mr. José M. Costa's letter to me dated 19 January 2000 and to our subsequent correspondence.

As mentioned in my fax dated 2 February last, addressed to Mr. Costa, in close collaboration with ITU's Radiocommunication Bureau, I have further studied IEEE's request to use the text of draft new ITU-R Recommendation F.bwa (included in Document 9/1016) in IEEE 802.16 standard.

I am pleased to inform you that the Union can grant your organization permission to use the material in draft new ITU-R Recommendation F.bwa in the development of IEEE 802.16 standards. This authorization is subject to the following terms and conditions:

1. This authorization is limited to the ITU material set forth in Mr. Costa's letter dated 19 January 2000 and for the sole purpose identified in the said letter.
2. This authorization is granted on a reciprocal basis. The Radiocommunication Bureau (BR) should be given the possibility of using selected IEEE material in its texts, upon submitting a written request to the IEEE identifying the material concerned.
3. This authorization is given on a non-exclusive basis.
4. The sole responsibility for selecting extracts for reproduction lies with the Institute of Electrical and Electronic Engineers (IEEE) and can in no way be attributed to ITU.
5. The BR shall be notified as soon as possible of the actions taken by IEEE with regard to draft new ITU-R Recommendation F.bwa (approval as part of the text of IEEE 802.16 standard with or without modification to the ITU-R text).

Upon my receipt of your written acceptance of the preceding terms and conditions, this authorization shall take its full legal effect.

Yours sincerely
For the Secretary-General

19 January 2000

Mr. Arnaud Guillot
Acting Head, Legal Affairs Unit
International Telecommunication Union
Place des Nations
CH-1211 Geneva 20
Switzerland

Dear Mr. Guillot,

Following our conversation this morning, this is to request confirmation that there are no copyright issues in the use of the material in draft New Recommendation F.bwa. (Document 9/1016) in the development of IEEE 802.16 standards.

Draft New Recommendation F.bwa is expected to be approved by the Radiocommunication Assembly in May 2000. The IEEE 802.16 standard is expected to be finalized by January 2001. It is planned to submit the IEEE 802.16 standard to ITU-R either as a proposed revision to F.bwa or as a proposed new Recommendation.

Would you please send your confirmation that there are no copyright issues to:

Dr. Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
National Institute of Standards and Technology
325 Broadway, MC 813.00
Boulder, CO 80303
USA
Tel.: +1 303 497-3037
Fax: +1 303 497-7828
E-mail: marks@nist.gov

If there are any difficulties or you require additional information please let me know.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Jose M. Costa", written over a horizontal line.

José M. Costa
Manager, Wireless Access Standards
