Dear Dr. Marks:

On behalf of the WiMAX Forum, I hereby grant permission to the Institute of Electrical and Electronics Engineers, Inc. ("IEEE"), to modify, distribute, make derivative works of, and print material contained in draft document IEEE P1802.16.1-2003 based upon C1802.16.1-02/01 developed and hereby submitted by the WiMAX Forum. WiMAX further grants to IEEE the right (i) to allow users of the resulting standard to reproduce Annex A of the PICS proforma for the sole purpose of submitting a claim that its product implements the Wireless MAN-SC™ (10-66 GHz) air interface protocol specified under the IEEE 802.16 standard and (ii) to publish the completed documents that are submitted for this purpose. The above permissions are granted for world rights for distribution and apply to all future revisions and editions in all media known or hereinafter known.

Please note that the WiMAX Forum reserves the right to grant similar permissions for the above-mentioned document to other parties at our sole discretion. In addition, no other intellectual property rights are granted herein for this or any other document developed by the WiMAX Forum. Without limitation, WiMAX does not grant to IEEE the right to permit any third party to prepare a derivative work for the purpose of creating a new standards submission to the IEEE or for any other purpose not expressly authorized above.
