To: Richard Robinson, Chair, 3GPP2 TSG-S

Dear Mr. Robinson,

IEEE 802.16 was pleased to receive your request of 21 October 2004 ([IEEE L802.16-04/33](#)) to establish a liaison relationship with 3GPP2 TSG-S WG5. IEEE 802.16 agrees that it is entirely appropriate and useful to establish a liaison relationship at this time, and it looks forward to investigating how we may work together with your group on areas of mutual interest.

In compliance with IEEE 802 procedures, IEEE 802.16 would like to establish the liaison relationship directly with our 802.16 Working Group, rather than with the Working Group's Network Management (NetMan) Task Group.

We have appointed Scott Migaldi to act as the Working Group's liaison official to 3GPP2 TSG-S WG5.

For details of our session of 15-19 November, please see the IEEE 802.16 Session #34 Report:
<<http://WirelessMAN.org/meetings/mtg34/report.html>>.

We look forward to working with you in our future efforts.

Sincerely,

Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
