

Maintenance TG Opening

Jon Labs

Comment Resolution

- Resolve comments in 802.16-04/015.
- ⇒ 304 comments to resolve (6 late)
- 73 technically binding
 - 162 technically non-binding
 - 69 editorial

Procedure

- ~10 minutes to discuss comment including contribution.
- If comment is not resolved due to extended discussions, the discussions will be sent offline and comment will be deferred
- Contributions must be available on the upload server for 12 hours to allow participants sufficient time to review; no contributions ‘just uploaded’ will be considered.
- Late comments submitted during the week will be considered only if time permits; otherwise they will be rejected.

TG Maintenance Agenda

- Monday:
 - Approve minutes from Session #35.
 - Start resolving comments in IEEE 802.16-05/015.
- Tuesday-Wednesday:
 - Continue resolving comments in IEEE 802.16-05/015
- Thursday
 - Finish resolving comments in IEEE 802.16-05/015
 - Review development schedule
 - Authorize Editor to create P802.16-2004/Cor1/D2 based on resolution of comments
 - Authorize a WG Confirmation Letter Ballot on P802.16-2004/Cor1/D2
 - Authorize conditional approval, pending the successful outcome of the Confirmation Letter Ballot, to forward P802.16-2004/Cor1/D2 to the EC for approval to Sponsor Ballot
 - Draft letter to respond to Interpretation Request for 802.16 from Ashok Reddy
 - Comments tied to the request are (67, 68, 191, and 200).
