IEEE 802.16™ and WiMAX Forum™ Delegations Meet the Israeli Wireless Industry

Alvarion is sponsoring the May 2006 conferences in Israel of two major international standard forums – IEEE 802.16 (May 8-11, David Intercontinental Hotel, Tel Aviv) and WiMAX Forum technical groups (May 13-17, Dan Caesarea hotel). The conferences will be attended by over 150 people from leading telecommunications companies from Israel and from abroad.

On the morning of Monday, May 8, Alvarion is organizing a meeting between the IEEE/WiMAX attendees and the Israeli wireless industry. The meeting will take place in David Intercontinental hotel in Tel Aviv. Alvarion would like to invite people from the Israeli wireless industry to attend the event. The participation is at no charge, but requires prior registration. People wishing to participate are invited to send an email to Naftali Chayat (naftali.chayat@alvarion.com) with the details (name, affiliation, title) of the attendees.

The agenda of the event:

Time	Event	Speaker
8:00	Registration and coffee	
9:15	Opening and Welcome notes	
	Overview of Standards to the Israeli industry	
9:25	IEEE 802.16 - achievements, status and plans	Dr. Roger Marks (Chair, IEEE 802.16 Working Group)
