Re:	Coexistence task group activities in session # 17	
Abstract	N/A	
Purpose	To prepare for session # 17	
Notice	This document has been prepared to assist IEEE 802.16. It is offered as a basis for discussion and is not binding on the contributing individual(s) or organization(s). The material in this document is subject to change in form and content after further study. The contributor(s) reserve(s) the right to add, amend or withdraw material contained herein.	
Release	The contributor grants a free, irrevocable license to the IEEE to incorporate material contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE s name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE s sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE 802.16.	
Patent Policy and Procedures	The contributor is familiar with the IEEE 802.16 Patent Policy and Procedures (Version 1.0) < http://ieee802.org/16/ipr/patents/policy.html >, including the statement IEEE standards may include the known use of patent(s), including patent applications, if there is technical justification in the opinion of the standards-developing committee and provided the IEEE receives assurance from the patent holder that it will license applicants under reasonable terms and conditions for the purpose of implementing the standard.	
	<p>Early disclosure to the Working Group of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <mailto:r.b.marks@ieee.org> as early as possible, in written or electronic form, of any patents (granted or under application) that may cover technology that is under consideration by or has been approved by IEEE 802.16. The Chair will disclose this notification via the IEEE 802.16 web site <http://ieee802.org/16/ipr/patents/notices>.</p>	

Draft Agenda for Coexistence Task Group Meeting at session #17

*Philip Whitehead
Radiant Networks Plc*

This will be the third formal meeting of the task group, following approval of the PAR. The meeting will open after the plenary on the afternoon of MONDAY 21st January or on the following morning. Room arrangements and timing are tba.

The meeting will close no later than 17.00 on Thursday

The timings of the individual agenda items will be determined during the opening task group session.

1. Adoption of a final agenda
2. Review of draft minutes of TG2a from session #16
3. Introduction — status of task group
4. Call for volunteers (editor, secretary)
5. Consideration of input contributions (Note 1)
6. Consideration of other input documents (working document)
7. Review of draft timeline
8. Possible joint session with TGa on link budget issues (Note 2)
9. Revisions to working document
10. Review output documents
11. Preparation for next meeting
12. AOB

Note 1: Due to absence of some important contributors, a mid —meeting conference call is provisionally planned, to allow discussion of key input documents. Details of this call are yet to be finalized.

Note 2: Some TG2a input documents suggest that TGa link budget planning should be reviewed. If feasible, a session with TGa may be held on this topic.
