**Venue:**

IEEE 802.16 Session #12

**Base Document:**

This presentation accompanies to the document

**Purpose:**

This document is to be presented to 802.16 TG3, TG4 and MAC groups outline the merge of ARQ proposal for 802.16 MAC

**Notice:**

This document has been prepared to assist IEEE 802.16. It is offered as a basis for discussion and is not binding on the contributing individual(s) or organization(s). The material in this document is subject to change in form and content after further study. The contributor(s) reserve(s) the right to add, amend or withdraw material contained herein.

**Release:**

The contributor grants a free, irrevocable license to the IEEE to incorporate text contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE's name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE's sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE 802.16.

**IEEE 802.16 Patent Policy:**

The contributor is familiar with the IEEE 802.16 Patent Policy and Procedures (Version 1.0) <<http://iee802.org/16/ipr/patents/policy.html>>, including the statement "IEEE standards may include the known use of patent(s), including patent applications, if there is technical justification in the opinion of the standards-developing committee and provided the IEEE receives assurance from the patent holder that it will license applicants under reasonable terms and conditions for the purpose of implementing the standard."

Early disclosure to the Working Group of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <<mailto:r.b.marks@ieee.org>> as early as possible, in written or electronic form, of any patents (granted or under application) that may cover technology that is under consideration by or has been approved by IEEE 802.16. The Chair will disclose this notification via the IEEE 802.16 web site <<http://iee802.org/16/ipr/patents/notices>>.

# Merger of ARQ Proposals for 802.16 TG3 and 802.16 TG4

- The following structure is proposed for the merge of ARQ proposals from BreezeCOM, Malibu Networks and Aperto Networks
- The whole idea is to provide the identification of the retransmission units (that are MSDUs and their fragments) in the terms of sequential numbers of equal size blocks

MPDU #1

MPDU #2

MPDU #3
