Title	Call for Comments on IEEE 802.16.4 Strawman (IEEE 802.16.4-01/05 and 06)	
Date Submitted	2001-03-02	
Source(s)	Durga P. Satapathy Sprint 7101 College Blvd. Suite 1409C Overland Park, KS - 66210	Voice: 913-534-6338 Fax: 913 534-6522 durga.satapathy@mail.sprint.com
Re:		
Abstract	Call for Comments to be considered at IEEE 802.16 Session #12, 12-15 March 2001.	
Purpose	Assist in formation of draft 802.16.4 standard	
Notice	This document has been prepared to assist IEEE 802.16. It is offered as a basis for discussion and is not binding on the contributing individual(s) or organization(s). The material in this document is subject to change in form and content after further study. The contributor(s) reserve(s) the right to add, amend or withdraw material contained herein.	
Release	The contributor grants a free, irrevocable license to the IEEE to incorporate text contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE's name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE's sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE 802.16.	
Patent Policy and Procedures	<p>The contributor is familiar with the IEEE 802.16 Patent Policy and Procedures (Version 1.0) <http://ieee802.org/16/ipr/patents/policy.html>, including the statement "IEEE standards may include the known use of patent(s), including patent applications, if there is technical justification in the opinion of the standards-developing committee and provided the IEEE receives assurance from the patent holder that it will license applicants under reasonable terms and conditions for the purpose of implementing the standard."</p> <p>Early disclosure to the Working Group of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <mailto:r.b.marks@ieee.org> as early as possible, in written or electronic form, of any patents (granted or under application) that may cover technology that is under consideration by or has been approved by IEEE 802.16. The Chair will disclose this notification via the IEEE 802.16 web site <http://ieee802.org/16/ipr/patents/notices>.</p>	

Call for Comments on IEEE 802.16.4-01/05 and 802.16.4-01_06:

Strawman MAC and PHY proposals for the 802.16.4 Air Interface Standard

802.16 TASK GROUP 4 SEEKS SPECIFIC COMMENTS ON STRAWMAN TEXT

Deadline: Saturday, 10 March 2001

IEEE 802.16 Task Group 4 met for the IEEE 802.16 Session #11.5 on 15-16 February 2001 in San Jose, CA, USA. The process of reviewing proposals in response to the Call for Contributions (Document IEEE 802.16.4-00/01) led to the formation of two strawman documents for the MAC and PHY:

- MAC (IEEE 802.16.4-01/05) <http://ieee802.org/16/tg4/docs/802164-01_05.pdf>
- PHY (IEEE 802.16.4-01/06) <http://ieee802.org/16/tg4/docs/802164-01_06.pdf>

This document is a Call for Comments on these two documents. Suggestions for missing text are welcome. Comments are due by Saturday, 10 March 2001. All comments received by the deadline will be discussed at the upcoming IEEE 802.16 Session #12.

Each comment on the documents must use the following format, filled out with an example.

Commenters must replace the example text with their own information.

[Submitter's Last Name]
Satapathy

[Submitter's First Name]

Submission instructions follow:

The commentor email send the comments directly to the Task Group 4 email reflector (<mailto:stds-802-16-tg4@ieee.org>).

The prefix "TG4 STRAWMAN COMMENT:" must appear on the subject line of the message. Attachments are not permitted. Comments regarding graphics, figures, drawings and tables must be fully described in text form. If such graphic-oriented comments cannot be rendered or described in text form, the commentor may submit a document using the IEEE 802.16 template http://ieee802.org/16/docs/802_16_template.doc, with a copy to TG4 Secretary Ken Peirce <mailto:ken@malibunetworks.com>. A followup comment can refer to the document by number.

If multiple comment forms are sent in one message, each comment form must contain all of the fields filled out as required (see above), including the commentor's name.

All of the proposed changes (comments) will be integrated into a new document for discussion at Session 12. Submissions will be considered non-confidential and will be posted for public access on the TG4 area of the IEEE 802.16 Web Site.

For consideration at the upcoming Session #12, valid comments that follow these instructions must be received no later than Saturday, 10 March 2001.
