

# Clause 9 Rewrite

---

*John Lemon*

# Intent

- Clarify existing algorithm
  - Provide enough detail for someone to create a simulation mode
  - Provide enough detail for someone to implement
- No change to the algorithm

# Result

- Rewrote lots of text
- Added, changed many terms
- Added definitions of terms
- Described algorithm via formulas
  - Defined variables used in formulas
  - First step towards following step
- Added flow charts, state tables, and state diagrams
  - Still a lot of work remaining to complete the tables/diagrams
- Added interactions with Clause 6

# FAH/RAH Actions

- The Rate Ad Hoc/Fairness Ad Hoc was involved in reviewing the new text on a weekly basis
  - The clarification sub ad hoc was involved more heavily in reviewing approximately 20 interim versions
- The Rate Ad Hoc/Fairness Ad Hoc unanimously agreed to recommend cls09\_fairness\_702.pdf to replace Clause 9 in Draft 0.3.

# Vote Request

- Request the WG to vote in the provided text as replacement text, **before** beginning comment resolution, and see if this text resolves those comments.
