

IEEE 802.3 New Ethernet Applications Ad hoc

June 19, 2017

Session: Beyond 10km Optics

Unconfirmed Meeting Notes

Call chaired by John D'Ambrosia

Call started at 11am ET

Presentation #1 – Agenda and General Information

Presenter: John D'Ambrosia

URL: http://www.ieee802.org/3/ad_hoc/ngrates/public/calls/17_0619/agenda_nea_a_170619.pdf

Chair showed IEEE 802 Participation Slide

Chair showed IEEE -SA PrePAR Patent Policy

Chair asked attendees to forward email indicating their presence and their employer / affiliation.

It was noted during the call that the URL provided for the Pre-PAR patent policy was incorrect, but that the included slide in the agenda deck was correct. Chair noted the agenda deck would be updated (Updated file noted above).

Presentation #2 – Draft – CFI Consensus – “Beyond 10km” PHYs

Presenter: Yu Xu

URL: http://www.ieee802.org/3/ad_hoc/ngrates/public/calls/17_0502/you_nea_01_170502.pdf

Review and feedback of draft CFI presentation intended for presentation at July 2017 Plenary.

Chair thanked everyone for their feedback – noted anyone wishing to be listed as a supporter should contact him via email with their name and affiliation.

Meeting ended approximately 12:30pm.

Attendees

John D'Ambrosia, Futurewei, Subsidiary of Huawei

Adrian Young, Leviton

Dino Pozzebon, Microsemi

Tom Williams, Acacia

Earl Parsons, CommScope

Tom McDermott, Fujitsu Network Communications

Hanan Leizerovich, MultiPhy

Nathan Tracy, TE Connectivity

Geoff Thompson, GraCaSI S.A./Independent

Markus Weber, Acacia Communications

David Piehler Dell EMC

Gary Nicholl, Cisco

David Ofelt, Juniper

David Malicoat, Senko

Ali Ghiasi, Ghiasi Quantum / Huawei

Pete Anslow, Ciena

Ed Ulrichs, Source Photonics

David Lewis, Lumentum

James H. Chien, ZTE

Peter Stassar, Huawei
