Joint IEEE P802.3ct / P802.3cw Task Force Interim Teleconference Meeting

Interim Teleconference Meeting, 11 June 2020
Unapproved Meeting Minutes, Prepared by John D'Ambrosia
Meeting called to order at 10:02 am ET (all times ET)

Chair noted that attendance was being taken by IMAT today and told everyone it would be available today (6/11) until 11:59:59am EDT.

The chair noted that attendance of the meeting does not count towards voting rights but encouraged everyone to get in habit of signing in to record attendance for interim teleconference meetings.

Presentation #1 –   **Agenda and General Information**
Presenter: John D'Ambrosia
URL: http://www.ieee802.org/3/cw/public/tf_interim/20_0611/agenda_3ctcw_b_200611.pdf

Peter Stassar made a late presentation request. The chair asked if there were any objections to hearing the presentation provided there is sufficient time. No objections were voiced. The chair noted that the chair reserves the right to defer presentations to the following teleconference meeting in order to ensure adequate time for presentations and discussion. The chair noted that if there was sufficient time the requested presentation would be heard.

The Chair asked if there were any objections to the agenda (Slide #2). There were none and the agenda was considered approved.

Chair asked if there were any requests to modify the 5/28 minutes –

There were no requests to modify the noted minutes. The Chair asked if there any objections to approving these minutes. There were none, and the minutes were considered approved.

Chair noted that the agenda deck had been sent out, and requested that individuals review the following IEEE SA policies prior to the interim meeting –
- IEEE SA Participation Policy
- IEEE SA Copyright Policy
- IEEE SA Patent Policy

Chair asked if anyone needed to review the policies at that time – there were no requests to do so.
Chair did call for Potentially Essential Patents, and no one came forward.

The chair reviewed the status of future joint Task Force meetings, given a current motion being considered by the 802 EC regarding the July 2020 Plenary. Chair and David Law, 802.3 WG Chair, gave an overview of the status. It was noted that an announcement would be sent out Friday, June 12. A question was asked about the status of the September 2020 Interim meeting. David Law noted that no decision had been made yet about the September meeting, but information gathering about September meeting is underway to enable making a decision.

Presentation #2   **Optical Parameters – Baseline Proposal Status**
Presenter   Tom Issenhuth
URL   http://www.ieee802.org/3/cw/public/tf_interim/20_0611/issenhuth_3cw_01_200611.pdf

The Chair noted that the in addition to the presentation providing an update on the status of the baseline, it also provides a documentation trail for people to follow to understand how the current state of the baseline was developed.

Presentation #3 **Data supporting editorial modification to the 802.3ct_D2p0, Clause 154.5.4 PMD global signal detect function**
Presenter John DeAndrea
URL http://www.ieee802.org/3/ct/public/tf_interim/20_0611/deandrea_3ct_01_200611.pdf

There was general discussion regarding the issue raised. Chair noted that as P802.3ct is in WG Ballot, the Task Force could work towards consensus on a solution, but reminded the group that a comment would need to be submitted.

Presentation #4 **P802.3ct FEC Frame Alignment Text updates**
Presenter Steve Trowbridge
URL http://www.ieee802.org/3/ct/public/tf_interim/20_0611/trowbridge_3ct_01a_200611.pdf

Chair noted that there are two supporting documents for the Trowbridge presentation in the private area that were placed there for copyright reasons. Individuals needing password information should contact the chair.

There was general discussion. Based on discussion, edits were made. Trowbridge noted he would send the updated presentation to the chair for posting. (Revised presentation is noted above.) Additional changes will also be made to the supporting documents in the private area, which Mr. Trowbridge will provide.

Presentation #5 **Updated parameter template for 400GBASE-ZR**
Presenter Peter Stassar
URL http://www.ieee802.org/3/cw/public/tf_interim/20_0611/stassar_3cw_01_200611.pdf

Stassar noted he would submit comments against P802.3ct D2.0.

Chair reminded everyone of the initial WG Ballot of P802.3ct D2.0.
