Review: September New Orleans

- Resolved Comments on Draft 1.0
- Adopted Layering Model 4 of kramer_p2mp_1_0902.pdf (significant impact on Clause 56)
- Moved toward per LLID messaging
- Refinement of MPCP messages
- FEC direction toward frame-based solution

Key Issues for Kauai

- Resolve D1.1 Comments
- Contention Resolution results
- Multiplex/Discovery/P2PE Gate Issues
- Further Messaging optimization
- Joint P2MP/OAM Comments
