Matei Cocimarov, IEC Technical Officer [mco@iec.ch](mailto:mco@iec.ch)

**Subject: Cabling to Support 25GBASE-T**

Dear David,

we received a status report on IEEE 802.3bq at our Milan meeting from the liaison officer, Alan Flatman.

We are pleased to inform you that a new project has been approved to provide guidelines on installed cabling to support 25GBASE-T (ISO/IEC TR 11801-9905). This Technical Report will provide guidance on qualification, measurement, mitigation procedures and use cases. The report will also provide recommendations for cabling for new installations.

An 1st working draft of ISO/IEC TR 11801-9905, will shortly be reviewed by SC 25/WG 3 experts.

We look forward to working with you.

Sincerely,

Albrecht

Prof. Dr.-Ing. Albrecht Oehler  
Convenor ISO/IEC JTC 1/SC 25 WG 3
