

**MARCH 2014 IEEE 802 PLENARY SESSION
TUTORIAL SCHEDULE**

SESSION WILL OCCUR MONDAY MARCH 17, 2014

Please check the current schedule (<http://802world.org/attendee>) for room information.

TUTORIAL #1 6:00 – 7:30 PM China Standard Time

TITLE OF TUTORIAL: Optical Backplanes

NAME OF PRESENTERS, THEIR AFFILIATIONS AND CONTACT INFO:

Presenter(s) Name	Affiliation	Email Address:
Hideo Itoh	National Institute of Advanced Industrial Science and Technology. Convenor of IEC TC86 JWG9 (with TC91)	hideo.itoh@aist.go.jp

ABSTRACT: (a brief paragraph describing content of the presentation)

The tutorial will review optical backplanes as well as the standards development to support optical backplanes underway in IEC TC 86/JWG 9 (with TC91) 'Optical functionality for electronic assemblies' which is chartered with preparing 'international standards and specifications for optical circuit boards and optical back planes, intended for use with opto-electronic assemblies'.
