

# IEEE 802.1 Sept 2024 Interim Session

[Update] Organizational OnSite Information & Logistics

Dr. Sven-Olaf Berkhahn, Head of Pre-development Cabin Electronics  
Hubert Lambers, Pre-development Cabin Electronics  
September, 6th 2024

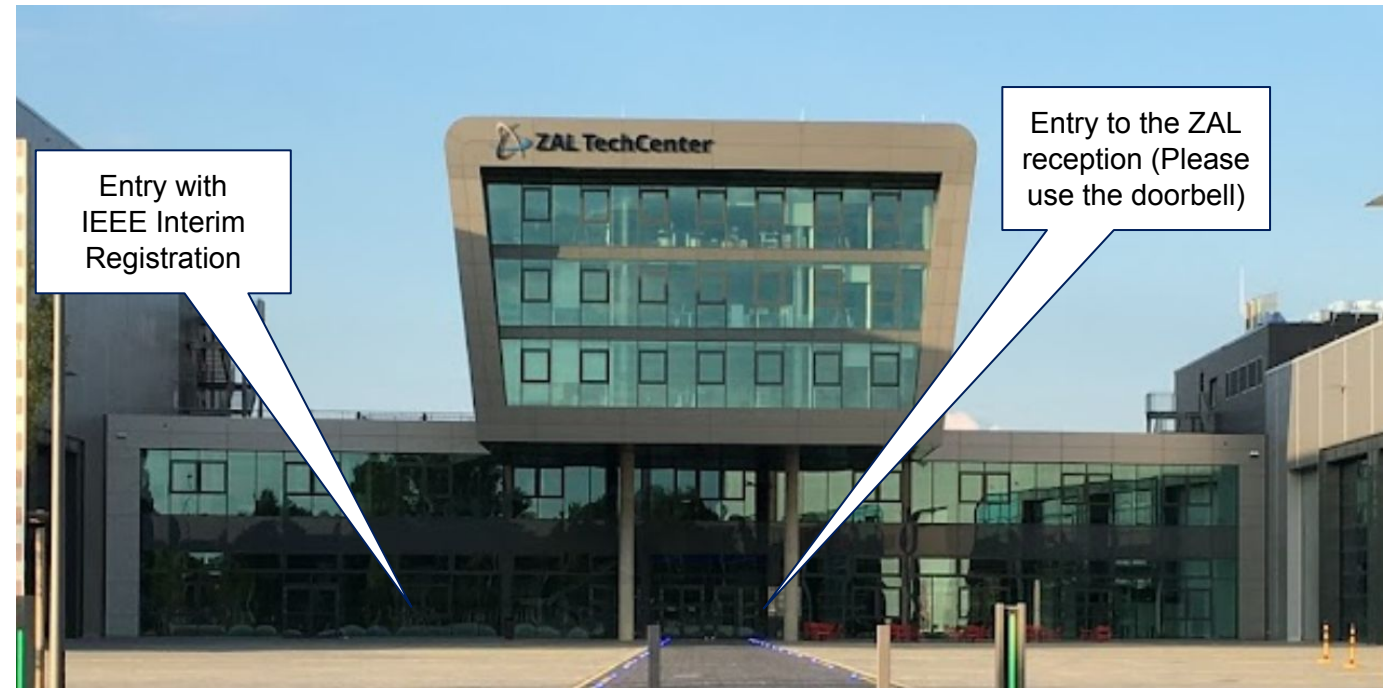

# [Update] Entry to the venue

## Access to the ZAL:

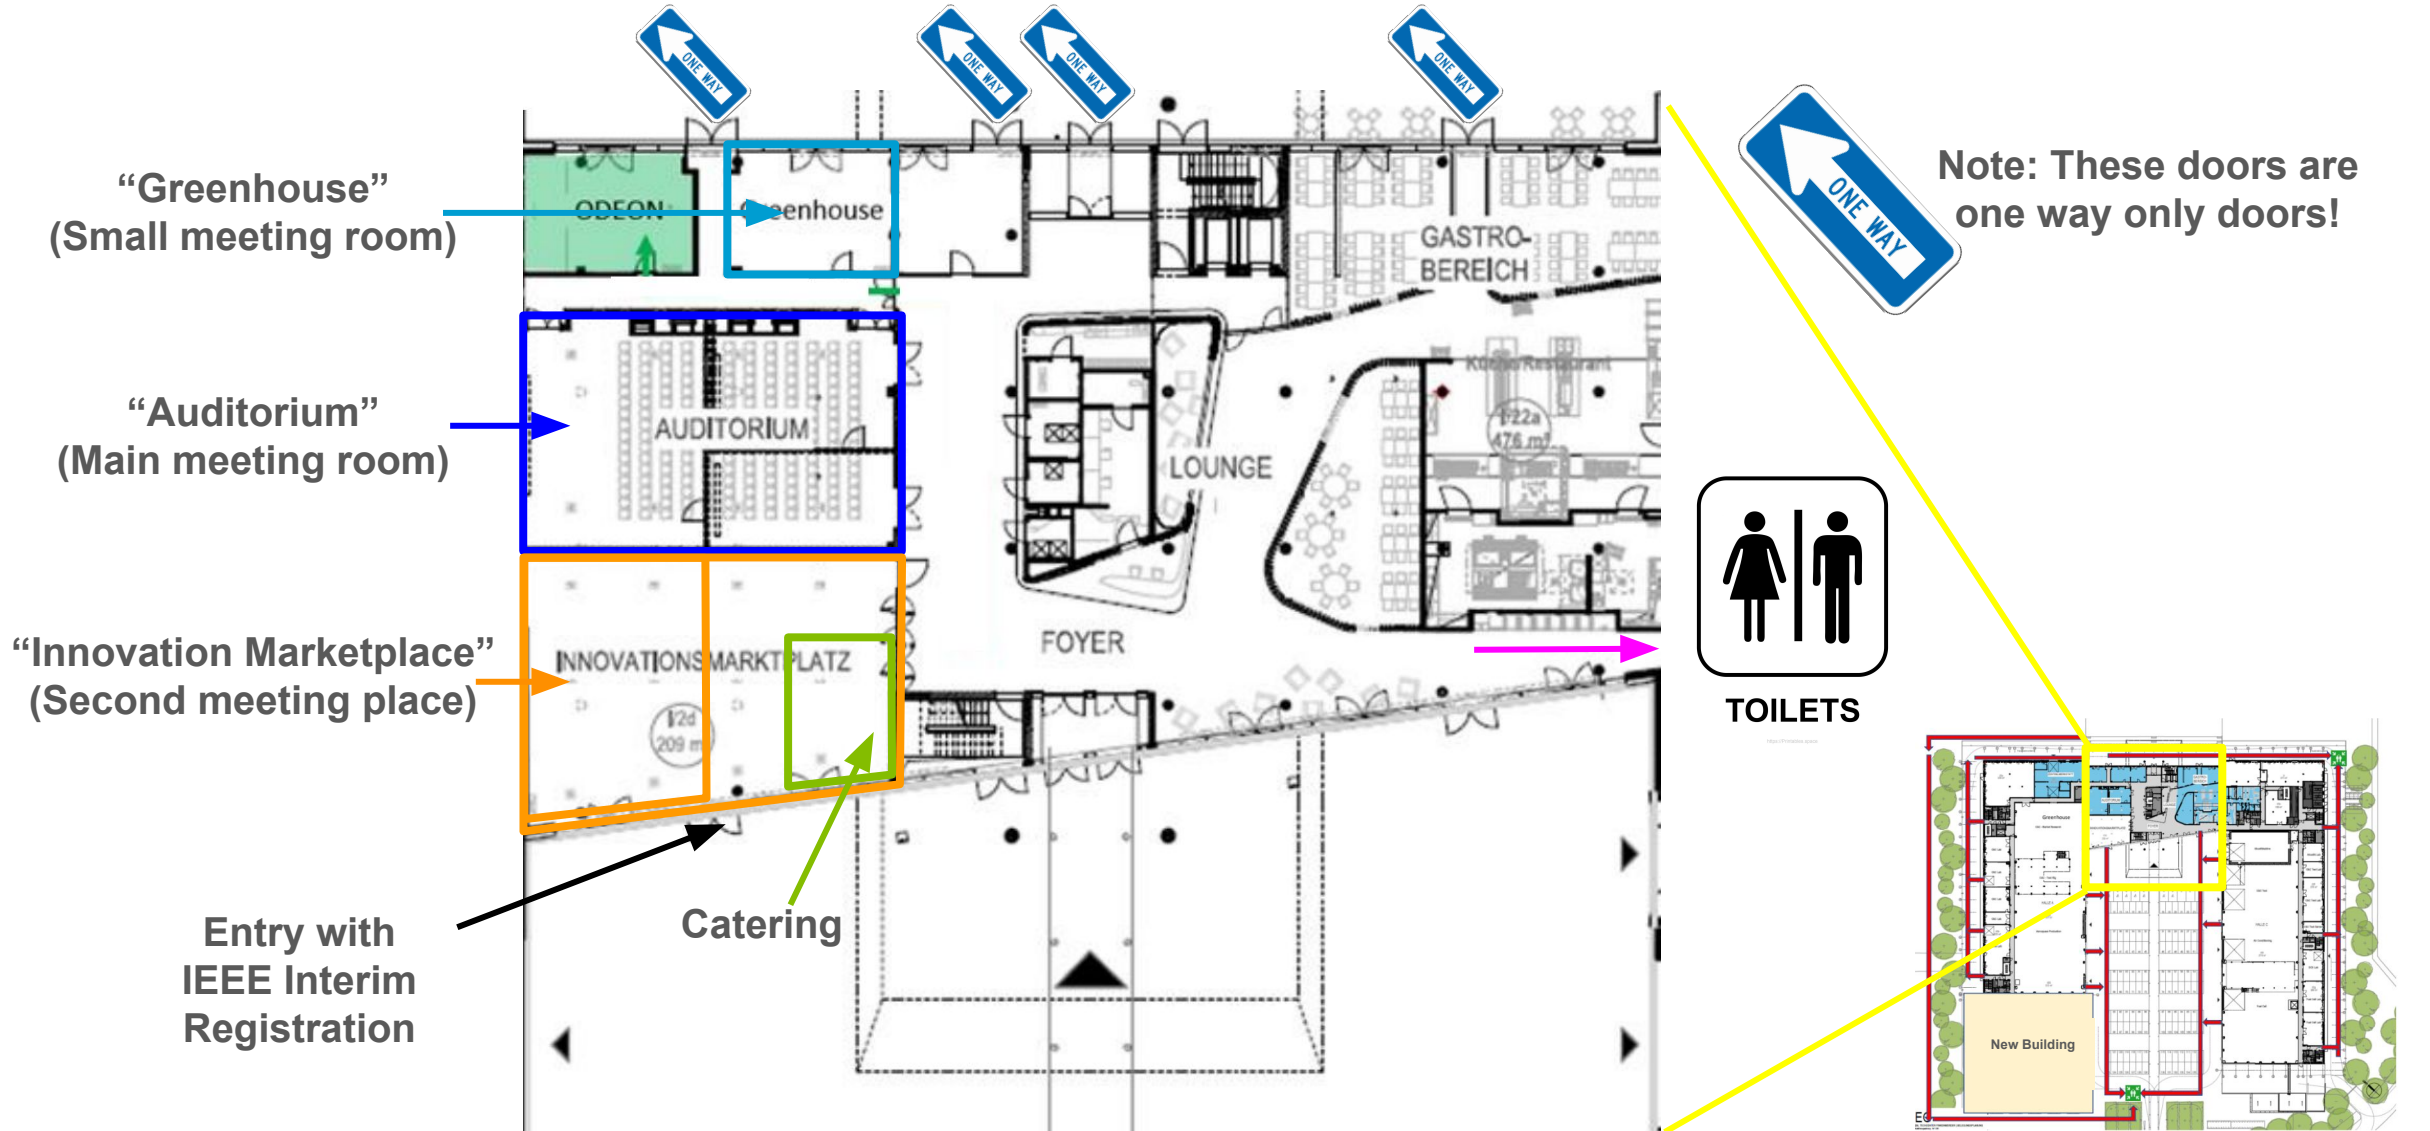

- Entry for participants of the Interim starts at 7:30 using the separate, direct entry to the venue on the left side of the main entrance. ⇒ Badges are handed out here
- The main ZAL entrance can be used from 8:00 to 16:00. (Please use the doorbell).

## Parking:

- You can use the ZAL parking garage
  - Access is available from 7:30 to 16:00
  - Please use the doorbell at the gate and indicate your IEEE Interim participation
  - The exit gate can be used at any time

# [Update] Some logistics

## [Update] Some logistics - WiFi Access

SSID: ZAL TechCenter

Key: takeoff2026

Note: T&C need to be confirmed on a captive portal

# [Update] Safety First

Escape routes and emergency exits in the buildings are marked with green and white signs.

- Escape routes (corridors, stairwells, doors) must be kept clear at all times and objects placed there must be removed immediately - **placing objects in these escape routes is prohibited and endangers human life.**
- Fire and smoke protection doors on circulation routes and in corridors divide buildings and floors into several fire compartments. **They must not be blocked by wedges or similar.**
- Any tripping hazards must be removed immediately (e.g. protruding carpet edges, cables lying around).

## Building evacuation

In an emergency, the building is evacuated on the instructions of the fire department and also cleared for re-entry.

- Pay attention to the fire department's loudspeaker announcements!
- Never use the elevator!
- Use stairs if it is still possible!
- Smoke from a fire means DANGER OF SUFFOCATION!
- If corridors and stairwells are heavily filled with smoke, do not use the escape route! Stay in the room, close and seal doors (if necessary with adhesive tape, clothing) and make yourself noticed at the closed window!

**Take special care of disabled persons, injured persons, new employees or visitors and bring them to the collection point!**
