

IEEE P802.11 Letter Ballot

Date submitted: June 2, 1995

Thirty day letter ballot, 50 % returns required to make ballot valid. Ballot closes July 2, 1995, i.e. ballot needs to be on chair's desk on that date. If less than 50 % ballots have been received, the ballot closes at the time we do have 50 % returns.
Late returns, no returns or returns with abstain on all items for other than lack of expertise, will impact voting membership status.
