

**IEEE P802.11
Wireless LANs**

Instructions for WG Ballots of 802.11a and 802.11b

Vic Hayes, Chair

Please send *your executed ballot form zipped together with your electronic comments, if any, in e-mail format to vichayes@lucent.com* well before the closing date of the ballot.

1. Instructions for preparing comments

If you have comment, please submit specific detail to remedy the problems on the comments sheet, using the following instructions.

Column	Title	Meaning
1	Seq #	Please fill in a sequence number of your comment, starting with 1.
2	Clause number	Provide in this cell the clause.subclause.sub... number to which your comment applies. Multiple entries are possible. In long clauses, please also use page and line numbers
3	Voter's id code	To identify the voter. Please use the list provided on the following pages to pick your id code for this exercise.
4	Type of comments	Indicate here whether your comment is minor editorial (e), major editorial (E), minor technical (t) or major technical (T).
5	Part of NO vote	Enter an "Y" to show whether this row of your comment constitutes part of your "do not approve" (NO) vote. IEEE requires: this vote shall be accompanied by specific reasons in sufficient detail so that the specific wording of the changes that will cause the voter to change his or her vote to "Approve" can readily be determined.
6	Comment/Rationale	Indicate in this cell the comment you have and the rationale for your proposed text or comment.
7	Recommended change	Copy here the part of the text that has to be removed or modified. Make your modifications with Tools, Revisions, Mark revisions in ON state. If you need to have pictures included, or if the involved text is substantial, we suggest that you assign a page to this comment or request a document number, with a pointer to that section or document in this cell. (see remark in the second paragraph of section 1 above)
8	Disposition/Rebuttal	This cell is not for use in the commenting phase. Do not use.

2. Instructions for preparing comments electronically

We have provided a proforma comment document in Word-Office 95 with a single row of a table, suited to submit your comments.

The table given in the proforma is for the entry of comments to the proposed draft standard. Please enter your voter's id code¹ in every row of the table and use the instructions in the table given above for the necessary cells. Comments are combined and sorted for processing. Identification of the source of every comment row is required. Please fill your name, ballot no. and date in the header.

The table in section 1, above, gives you guidance what to fill in in each of the columns. When you have completed a comment row, press TAB in the "Disposition/rebuttal" column to generate a new row in the table.

Note: The Letter Ballot Form features a separate row with column titles below the entry row, With this addition, you will always have the column titles at hand where you are working, without the need to peek in the header.

¹ Refer to the list below to find your voter's id code as standardized to prevent two balloters using the same voter's id code.

Important: Do not change the attributes of the table, such as the column width!

3. Instructions for submitting the file of your Letter Ballot

Do not forget to submit the ballot form and the printed comments to Vic Hayes.

1. general Please give the file with your comments a name equal to your voter's id code (as given in the table below) and compress the Word file (in Word Office 95 format) using pkzip, using the same name of the file with zip as extension!
2. using e-mail if your e-mail system does not automatically encode your attachments, use uuencode or mime on the zip file and include the result in an email with the subject "Letter Ballot Response" and send the e-mail to vichayes@lucent.com.
You should receive an acknowledgement of your email within two business days. If you do not receive an acknowledgement, resend your ballot until you received an acknowledgement.

4. Voter's id code to be used for each record of the comments and for the filenames

The following pages show the unique letter combination for each of the persons getting the mailing.

Full name	Voter id	memstatus
Mr. Jeff Abramowitz	ja	voter
Dr. Reza Ahy	rma	voter
