Instructions for WG Letter Ballot 20

Vic Hayes, Chair

Please send *your executed ballot form with the comments in e-mail format to vichayes@lucent.com together with your electronic comments, if any* well before the closing date of the ballot. If you have comment, please use the template for comments in the following way:

1. Preparation of the comment file

Make a copy of the template Cmntempl.doc and fill in the header with your name and the specific draft you are commenting on. Then save the file with the following name: 11d or 11b-cor concatenated with your voter's ID (see table at the end).

The following is an explanation of the various columns in the table

Column	Title	Meaning
1	Seq #	Please fill in a sequence number of your comment, starting with 1.
2	Clause number	Provide in this cell the clause.subclause.sub... number to which your comment applies. Multiple entries are possible. In long clauses, please also use page and line numbers
3	Voter's id code	To identify the voter. Please use the list provided on the following pages to pick your id code for this exercise.
4	Type of comments	Indicate here whether your comment is minor editorial (e), major editorial (E), minor technical (t) or major technical (T).
5	Part of NO vote	Enter an "Y" to show whether this row of your comment constitutes part of your "do not approve" (NO) vote. IEEE requires: this vote shall be accompanied by specific reasons in sufficient detail so that the specific wording of the changes that will cause the voter to change his or her vote to "Approve" can readily be determined.
6	Comment/Rationale	Indicate in this cell the comment you have and the rationale for your proposed text or comment.
7	Recommended change	Copy here the part of the text that has to be removed or modified. Make your modifications with Tools, Revisions, Mark revisions in ON state. If you need to have pictures included, or if the involved text is substantial, we suggest that you assign a page to this comment or request a document number, with a pointer to that section or document in this cell. (see remark in the second paragraph of section 1 above)
8	Disposition/Rebuttal	This cell is not for use in the commenting phase. Do not use.

2. Instructions for preparing comments electronically

We have provided a proforma comment document in Word-Office 97 with a single row of a table, suited to submit your comments.

The table given in the proforma is for the entry of comments to the proposed draft standard. Please enter your voter's id code¹ in every row of the table and use the instructions in the table given above for the necessary cells. Comments are combined and sorted for processing. Identification of the source of every comment row is required. Please fill your name, ballot no. and date in the header.

The table in section 1, above, gives you guidance what to fill in in each of the columns. When you have completed a comment row, press TAB in the "Disposition/rebuttal" column to generate a new row in the table.

¹ Refer to the list below to find your voter's id code as standardized to prevent two balloters using the same voter's id code.

Note: The Letter Ballot Form features a separate row with column titles below the entry row, With this addition, you will always have the column titles at hand where you are working, without the need to peek in the header.

Important: Do not change the attributes of the table, such as the column width!

3. Instructions for submitting the file of your Letter Ballot

Do not forget to submit the ballot form and the printed comments to Vic Hayes.

1. general Please give the file with your comments the name as specified in clause 1 above.
2. using e-mail e-mail to vichayes@lucent.com.

You should receive an acknowledgement of your email within two business days. If you do not receive an acknowledgement, resend your ballot until you received an acknowledgement.

4. Voter's id code to be used for each record of the comments and for the filenames

The following pages show the unique letter combination for each of the persons getting the mailing.

Full name	Voter id	memstatus
Mr. Jeff Abramowitz	ja	voter
