Track locations from the movie *The Pianist*, drop by **Grzybowski Square** to see **Próżna Street** with some buildings that survived the war, and enjoy a Jewish meal at a traditional restaurant nearby. The Footbridge of Memory, a luminous installation over **Chłodna Street**, is a must-see. 4 Communism tours

After World War II, the architects were given the task of rebuilding Warsaw in a new style of design: “socialist in content and national in form.” Discover the architectural heritage of socialist-realism in Warsaw with a visit to **the Palace of Culture and Science**, which celebrated its 60th anniversary in 2015, having been given by Stalin as a gift from the Soviet Union to the Polish nation. Walk around **Parade Square**, built to host the propaganda-filled speeches of the leaders of the People's Republic of Poland. Then, go to **the Marszałkowska Housing District** and explore **Constitution Square** with its impressive sculptures from the 1950s. To feel the spirit of the past era, try a visit to one of the remaining **milk-bars**, fast food canteens from that time, offering inexpensive, home-style traditional Polish cooking, and enjoy their unique atmosphere. Here, time has apparently stopped.

GO ON A TOUR BY OLD MILITIA VAN

Feel the communist era from inside an old militia van! See Constitution Square and the Ministry of Agriculture, examples of the utopian plans for the post-war reconstruction of the city. 5 Green Warsaw

Warsaw is a salubrious and refreshing destination because a quarter of the city is made up of green areas. There are 160 leafy squares and 76 parks, of which the biggest and most beautiful is **the Royal Łazienki park** and palace complex, consisting of 187 acres of parkland in the middle of the city. Each of these green areas has its own special something, and come together to make Warsaw a truly green city.

One special green area is the right bank of **the Vistula River**, which is marked by its unspoiled, natural habitat. The right bank is completely wild and protected by the Natura 2000 programme, meaning that beavers, terns and even elk can be found there.

Indeed, both banks of the river are considered to be the summer centres of the city. Here you can relax on one of the five municipal beaches, rent sporting equipment, go on a bicycle tour along the river, or take a cruise on a traditional wooden boat. From May to September, there is also a free shore-to-shore ferry service.

The recently modernised Vistula boulevards are very popular among walking enthusiasts. Nearby, not far from the Royal Castle, there is a **Multimedia Fountain Park**, where many cultural events take place, such as **Wianki**, **the summer solstice festival** in June, and **the Feast of the Vistula** in September.

WARSAW NATURE CRUISE

Beavers in a European Capital! See the nature along the Vistula River in Warsaw: islands with birds, parks and forests, and even beaver lodges. If you are lucky, you may see deer and even moose. The cruise includes a short stop at the newly renovated forest pier in Park Młociński. Enjoy it from the comfortable, brand new, exclusive boats with heating, refreshments, sun deck, Wi-Fi and toilet.

6 Warsaw by night

After sunset, Warsaw dresses itself in sparkling, colourful lights and glowing neon signs, which were very popular in communist times, and are now making their way back to the streets of the capital. See the historic buildings and monuments, churches and bridges illuminated in the twilight, and mingling with the lights and colours of the city's nightlife. Visit **Nowy Świat** and **Foksal Streets**, packed with bars and pubs, where you can have a shot of Polish vodka or a glass of locally brewed beer. Visit the **PGE Narodowy Stadium** or check out the only remaining gas street lamps in the city, lit in the traditional way by a Warsaw lamplighter.

THE VODKA TOUR

Discover the rich world of vodka! First of all, our tour is NOT a pub crawl. We deliver an expert but fun way to understand Poland's vodka culture. We will taste various vodkas and pair them with typical vodka food. A local, experienced guide will answer all your questions: Is there any way to say no to vodka? Was it invented in Poland or Russia? What kinds are there? We know it all! :)
