Re:	
Abstract	This contribution contains proposed editorial changes that resolve potential informative clause problems identified by the 2007 IEEE Standards Style Manual
Purpose	To instruct the editor to make the proposed changes to IEEE P802.16h/D8
Notice	This document does not represent the agreed views of the IEEE 802.16 Working Group or any of its subgroups. It represents only the views of the participants listed in the "Source(s)" field above. It is offered as a basis for discussion. It is not binding on the contributor(s), who reserve(s) the right to add, amend or withdraw material contained herein.
Release	The contributor grants a free, irrevocable license to the IEEE to incorporate material contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE's name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE's sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE 802.16.
Patent Policy	The contributor is familiar with the IEEE-SA Patent Policy and Procedures: http://standards.ieee.org/guides/bylaws/sect6-7.html#6 and http://standards.ieee.org/guides/opman/sect6.html#6.3 . Resolution of potential informative clauses in IEEE P802.16h/D8

Harry Bims Apple, Inc.

Overview

The subclauses labeled "Introduction" are potentially informative clauses. This contribution examines this issue and proposes a solution to harmonize the subclauses with IEEE P802.16Rev2/D6.

Specific editorial changes

The following is a legend of text formats that is used in the remainder of this contribution.

Blue text represents specific editorial additions.

Red strikethrough text is to be deleted.

Black text is text already in the draft.

Bold italic text is editorial instructions to the editor.

Text proposal for subclause 6.4.1.1

Modify the following text accordingly:

Subclause 6.4.1.1 is considered normative, since its content is "information that is required to implement the standard".

[Replace the title for subclause 6.4.1.1 with "Overview", in order to make it consistent with IEEE P802.16Rev2/D6]

Text proposal for subclause 6.4.1.2.1

Modify the following text accordingly:

Subclause 6.4.1.2.1 is considered normative, since its content is "information that is required to implement the standard".

[Replace the title for subclause 6.4.1.2.1 with "Overview", in order to make it consistent with IEEE P802.16Rev2/D6]

Text proposal for subclause 6.4.1.3.1

Modify the following text accordingly:

Subclause 6.4.1.3.1 is considered normative, since its content is "information that is required to implement the standard".

[Replace the title for subclause 6.4.1.3.1 with "Overview", in order to make it consistent with IEEE P802.16Rev2/D6]

Text proposal for subclause 15.4.1.1

Modify the following text accordingly:

Subclause 15.4.1.1 is considered normative, since its content is "information that is required to implement the standard".

[Replace the title for subclause 15.4.1.1 with "Overview", in order to make it consistent with IEEE P802.16Rev2/D6]
