

## **Call for Comments and Contributions for IMT-Advanced Submission**

**Deadline: 29 April 2009 AOE**

The IEEE 802.16 Working Group is developing an IEEE 802.16m based Candidate IMT-Advanced Radio Interface Technology (RIT) proposal, based on the 802.16m System Description Document [1] and the 802.16m Amendment Working Document [2]. The RIT proposal is being developed per the schedule described in the IEEE 802.16 ITU-R Liaison Group Work Plan [3].

### **Call for Comments on the IMT-Advanced RIT Documents**

This announcement requests comments on the following IMT-Advanced RIT documents under development by the ITU-R Liaison Group.

- *Working Document on Technology Description Template – Characteristics Template (TDT) - L802.16-09/0022d0*
- *Working Document on Technology Description Template – Link Budget Template (LBT) - L802.16-09/0023d0*
- *Working Document on Compliance Templates - L802.16-09/0024d0*
- *Simulation Assumptions and Configuration Parameters for IMT-Advanced Test Environments - L802.16-09/0025d0*

These documents are available at <<http://itu.wirelessman.org>>.

Comments should be submitted in *contribution* format, showing mark-ups to the above documents as necessary.

### **Call for Contributions on the IMT-Advanced Simulation Package**

The ITU-R Liaison Group also requests input regarding intent to present simulation results relevant to the proposal evaluation. Contributions should outline intended simulation methodology and, preferably, include sample results. Joint work is encouraged to minimize unnecessary duplication.

### **Correspondence Plan**

To enable expedient development of the templates and the simulation package, the ITU-R Liaison Group will initiate correspondence activity to discuss early contributions. This correspondence activity will be chaired by the ITU-R Liaison Group Acting Chair and

will continue up to IEEE 802.16 Session #61. The correspondence activity may also include teleconferences as needed, with notice provided to the 802.16 WG reflector.

***Contributions must make use of the current IEEE 802.16 Document Submission Template, Rev. 9 (2007-06-17)*** <<http://ieee802.org/16/submit.html>>.

Use the “itu” upload directory at <<http://upload.wirelessman.org>> to post contributions. Contributions will be considered non-confidential.

For further information, contact one of the following:

IEEE 802.16 Working Group Chair: Roger Marks <[r.b.marks@ieee.org](mailto:r.b.marks@ieee.org)>

IEEE 802.16 ITU Liaison Group Acting Chair: Reza Arefi <[reza.arefi@intel.com](mailto:reza.arefi@intel.com)>

IEEE 802.16 Task Group m Chair: Brian Kiernan <[brian.kiernan@interdigital.com](mailto:brian.kiernan@interdigital.com)>

Contact the Working Group Chair if you need password assistance.
