19 November 2009

To: Dr. Kyu-Jin Wee

Chairman, Mobile Communication Technical Committee (TC 7), TTA

Subject: Liaison statement concerning IEEE's IMT-Advanced Evaluation Group Coordination Meeting

Dear Dr. Wee,

Thank you for TTA's activities in support of IEEE's IMT-Advanced candidate RIT submission and its efforts leading to TTA's IMT-Advanced RIT proposal based on IEEE 802.16. Thanks to cooperation amongst all the parties, all of the three proposals for IMT-Advanced based on IEEE 802.16 were considered complete at the 6<sup>th</sup> meeting of the ITU-R Working Party 5D (WP 5D). This outcome was made possible through close cooperation between IEEE and TTA regarding IMT-Advanced submission.

IEEE 802.16 Working Group would like to invite representatives from TTA, as a proponent of the IMT-Advanced candidate RIT based on IEEE 802.16 (so-called "IEEE Technology"), to participate in its IMT-Advanced Evaluation Group Coordination Meeting of 13 January 2010 in San Diego, California, where we will take this opportunity to communicate directly with the Independent Evaluation Groups to help facilitate evaluations of the IEEE Technology. Please note that we are also inviting Japan to the meeting as the other proponent of the IEEE Technology.

Further information about the Coordination Meeting is contained in [IEEE L802.16-09/0132r1](http://www.ieee802.org/16/0132r1), which invites Independent Evaluation Groups to the meeting. Information on registration, meeting agenda, etc. can be found at <http://www.ieee802.org/16/imt-adv/mtg.html>.

Sincerely,

Roger B. Marks
