

**IEEE 802.19 Letter Ballot 11
Ballot on 802.11ad Coexistence Assurance Document**

Date: October 2, 2010

Directions

The 802.11 working group has initiated a letter ballot on the 802.11ad/D1.0 draft, and has provided a companion CA document. The 802.19 WG will vote on the accuracy and completeness of the CA document. The procedure for voting on the CA document involves several steps. First each of the members provides comments on the CA document, next the chair compiles the comments, next the WG votes on whether to include those comments and finally the chair submits the 802.19 vote on the CA document. The procedure for voting on CA documents is provided in Section 6.2 of the 802.19 P&P which can be found on the web at <http://grouper.ieee.org/groups/802/19/> .

The CA document is attached. The 802.11ad/D1.0 draft can be found on the 802.11 members section of the web.

The schedule is listed below.

Comments on the CA document are due to the chair and vice chair by Wednesday October 13.

A spreadsheet is provided for entering you comments on the CA document.

Schedule

| Task | Due Date |
|---|-------------------------|
| Submit new comments on CA document to the chair (shellhammer@ieee.org) and vice-chair (I_reede@amerisys.com) | Wednesday October 13 |
| The chair to send out consolidated list of comments and initiate vote by WG members on the consolidated list of comments | Friday October 15 |
| WG members vote on consolidated list of comment due to the chair (shellhammer@ieee.org) and vice-chair (I_reede@amerisys.com) | Thursday October 21 |
| Chair to submit 802.19 vote on CA document | Sunday October 24 |
