Second International Workshop on Cognitive Wireless Cloud Networks
COGCLOUD'10

After the success of the first International Workshop on Cognitive Wireless Cloud Networks 2009 (CogCloud'09), second CogCloud (CogCloud'10) will be held in conjunction with PIMRC'10, 26th of September 2010, Istanbul, Turkey. The objective of this full day workshop is to bring researchers together to share the current status of cognitive wireless networks and to discuss the future possible extensions and applications, especially in cloud computing and ubiquitous networking.

The workshop is open to submissions and possible topics are:

-**Research results and future perspectives of cognitive wireless networks**
-**Current status of R&D projects regarding cognitive wireless networks**
-**Prospects of cognitive wireless networks from major operator's viewpoint**
-**Standardization activities on cognitive wireless networks (IEEE 1900, ETSI RRS, IEEE 802)**

Important Dates
Full Paper Submission:
16 April 2010

Acceptance Notification:
17 May 2010

Final Camera Ready Copy:
18 June 2010

Workshop:
26 September 2010

Committee
Organizing Co-Chairs
Dr. Hiroshi Harada, NICT, Japan
Dr. Ying-Chang Liang, I^{2}R, Singapore

Secretariat
Dr. Ming-Tuo Zhou, NICT, Singapore

TPC Chair
Dr. Tuncer Baykas, NICT, Japan

For submission : http://edas.info/N8852
For questions: cogcloud10@wireless.nict.go.jp
Papers should be in English, not exceeding six double-column pages. Authors should use the relevant IEEE template, ensuring an IEEExplore-compatible PDF format.
