Meeting Minutes PDCC Ad Hoc
Prepared by: Chad Jones
18 February 2026
1 PM ET

1:02 Meeting called to order. Meeting started by the Ad Hoc Chair, Chad Jones.

1:04 Agenda approved. The Chair starts reviewing agenda slides.

1:04 The Chair covered the IEEE SA Patent Policy, code of ethics and conduct, individual process, equitable consideration of all viewpoints, and IEEE SA Copyright Policy (slides 4-8 in the agenda deck).

1:07 The Chair informs the group that minutes for 17 December 2025 are posted, asked if anyone that wanted to review the minutes hadn't had the chance to review, and asked if there were any changes to be made to these minutes. None responded. The minutes were approved by unanimous consent. The Chair instructed the webmaster to change the status of these minutes to confirmed.

1:08 Opening matter complete. The remaining agenda is five topics: IEC TC 64/MT49: IEC 60364-7-716, IEC TC 64/MT 2: IEC 60364-5-52 Committee draft, IEC TC 65/SC 65C/MT 63444, SC 25 administration items, and IEC 63315

First item, IEC 60364-7-716 (MT 49, the revision to 716). The IEEE 802.3 category C liaison led the group through a review of the comments, and the group discussed recommended replies to comments that are important to 802.3 (which was a majority of the comments). The guiding principal was to follow the 802.3 WG guidance which is to get the revision to point to the IEC SC 25 WG 3 cabling documents instead to rewriting requirements in the MT49 revision.

1:48 It was noted that the meeting only had 12 minutes remaining in the preannounced and an attendee observed that we would need more time to complete the review of the MT49 comments. The chair asked if anyone was opposed to extending the meeting end time by one hour. None responded and the group got back to the regular agenda.

1:49 The liaison to SC 25 WG 3 announce they could not stay the for the whole extended time and requested that the ad hoc jump to the SC 25 administration agenda item. All agreed, and the group shifted to discussing the next SC 25 WG 3 meeting scheduled for 16 March to 27 March. Details can be found in this document: https://www.ieee802.org/3/private/liaison_docs/ISO_IEC_SC25/March%202026%20SC25%20Meeting/3N1419_DA_agenda-80th-meeting.pdf. In particular, the daily agenda and registration link are in that PDF. Members of the 802.3 delegation are encouraged to register, and the Chair also sent this information to the reflector.

1:56 The group returned to reviewing the MT49 comments.

3:02 MT 49 comment review complete. The chair announced that the remaining agenda items would be discussed in the next PDCC ad hoc meeting.

3:02 The next scheduled meeting is the standard weekly Wednesday meeting series on 25 February 2026, 1PM EST (GMT-5). See the 802.3 call and meeting calendar for details: https://www.ieee802.org/3/calendar.html.

3:03 The Chair asked if there was any other business, none responded. Having exhausted the meeting time, the meeting was adjourned.
