

IEEE 802.3 NG-ECDC Agenda and General Information

John D'Ambrosia,
Futurewei, a subsidiary of Huawei

Sept 12, 2016

IEEE 802.3 Sept 2016 Interim

Ft. Worth, TX, USA

IEEE 802.3 NG-ECDC Ad Hoc Information

- John D'Ambrosia, IEEE 802.3 NG-ECDC Ad Hoc Chair
- Home Page - http://www.ieee802.org/3/ad_hoc/ngrates/index.html
- Reflector Information – http://www.ieee802.org/3/ad_hoc/ngrates/reflector.html
- Approved ICAID – https://standards.ieee.org/about/sasb/iccom/IC15-005-01_NextGen_Enterprise_DataCenter_Campus_Ethernet.pdf

Ad Hoc Decorum

- Photography or recording by permission only (2010 SASB Op Manual 5.3.3.4)
- Cell phone ringers off
- Press (i.e., anyone reporting publicly on this meeting) are to announce their presence (5.3.3.5)
- Wear your badges at all times in meeting areas
 - Help the hotel security staff improve the general security of the meeting rooms
 - **PCs HAVE BEEN STOLEN** at previous meetings
 - **DO NOT** assume that meeting areas are secure
- Please observe proper decorum in meetings

Agenda

- Session #1 – Next Generation Automotive
 - Session to be chaired Steve Carlson
 - Monday, Sept 12, 6:30 to 8:00pm
 - Updated ICAID – John D’Ambrosia, Futurewei
 - Presentation – Steve Carlson, High Speed Design
- Session #2 – Extended Reach 400GbE Optics PMDs
 - Tuesday, Sept 13, 7:00pm to 9:00pm
 - Updated ICAID – John D’Ambrosia, Futurewei
 - Everywhere There’s Signs.... - John D’Ambrosia, Futurewei
 - Ethernet Bandwidth Forecast in 5G Application – Xinyuan Wang, Huawei

Ground Rules

- Based upon IEEE 802.3 Rules
 - Foundation based upon Robert's Rules of Order
 - Anyone in the room may speak
 - Anyone in the room may vote
- **RESPECT**... give it, get it
- NO product pitches
- NO corporate pitches
- NO prices!!!
 - This includes costs, ASPs, etc. no matter what the currency
- NO restrictive notices

Important Bylaws, Rules, & References

- **IEEE-SA Operations Manual**

- **“Promoting Competition and Innovation: What You Need to Know about the IEEE Standards Association's Antitrust and Competition Policy”**
<http://standards.ieee.org/develop/policies/antitrust.pdf>

Guidelines for IEEE-SA Meetings

- All IEEE-SA standards meetings shall be conducted in compliance with all applicable laws, including antitrust and competition laws.
- Don't discuss the interpretation, validity, or essentiality of patents/patent claims.
- Don't discuss specific license rates, terms, or conditions.
 - Relative costs, including licensing costs of essential patent claims, of different technical approaches may be discussed in standards development meetings.
 - Technical considerations remain primary focus
- Don't discuss or engage in the fixing of product prices, allocation of customers, or division of sales markets.
- Don't discuss the status or substance of ongoing or threatened litigation.
- Don't be silent if inappropriate topics are discussed... do formally object.

If you have questions, contact the IEEE-SA Standards Board Patent Committee Administrator at patcom@ieee.org or visit <http://standards.ieee.org/about/sasb/patcom/index.html>

See *IEEE-SA Standards Board Operations Manual*, clause 5.3.10 and “Promoting Competition and Innovation: What You Need to Know about the IEEE Standards Association's Antitrust and Competition Policy” for more details.

This slide set is available
at <https://development.standards.ieee.org/myproject/Public/mytools/mob/preparslides.ppt>

Key Aspects of Ad Hoc

- Goals
 - Assess emerging requirements
 - identify gaps not currently addressed by IEEE 802.3 standards
 - Facilitate building industry consensus
- Note
 - Any individual with an in-scope activity can leverage this ad hoc. Contact ad hoc chair.
 - Does not supersede any existing rules or processes

Ad Hoc Output

- Multiple types of deliverables –
 - Will provide records of the meetings, including minutes and supporting presentations.
 - May be the creation of one or more consensus presentations that are used as the basis for one or more Call-for-Interests to study new areas.
 - May be the creation, as appropriate, of white papers documenting the findings of the IC activity.
- Groups need to provide guidance on their proposed output

Requesting CFIs

- [IEEE 802.3 Ethernet Working Group Operations Manual](#), See Subclause 4.2
 - A SG is formed when enough interest has been identified for a particular area of study within the scope of the WG. The first step in the process is a call for interest. This can be made at the WG opening plenary by any member. Any request to make a call for interest shall be made to the WG Chair. This request shall be made at least 35 days in advance of the start of the WG plenary. A SG can then be initiated by vote of the WG and must be approved by the LMSC EC. During this approval process the LMSC EC decides whether a SG is within the scope of the WG, should be moved to another Working Group or should be set up as an Executive Committee Study Group (ECSG).
- Translation:
 - Requests must be made by 802.3 Members, i.e. voting members, to the 802.3 WG Chair
 - Requests must be made 35 days in advance of the start of the WG Plenary (suggest using Sunday at start of Plenary week)
 - Approved by the 802.3 WG and then by the 802 EC
- **CONSENSUS BUILDING IS KEY**

Thank you!
