Participation in IEEE 802 Meetings

Participation in any IEEE 802 meeting (Sponsor, Sponsor subgroup, Working Group, Working Group subgroup, etc.) is on an individual basis

- **Participants in the IEEE standards development individual process shall act based on their qualifications and experience. (https://standards.ieee.org/develop/policies/bylaws/sb_bylaws.pdf section 5.2.1)**
- **IEEE 802 Working Group membership is by individual; “Working Group members shall participate in the consensus process in a manner consistent with their professional expert opinion as individuals, and not as organizational representatives”. (subclause 4.2.1 “Establishment”, of the IEEE 802 LMSC Working Group Policies and Procedures)**
- **Participants have an obligation to act and vote as an individual and not under the direction of any other individual or group. A Participant’s obligation to act and vote as an individual applies in all cases, regardless of any external commitments, agreements, contracts, or orders.**

Key Aspects of IEEE 802.3 NEA Ad Hoc

- Goals
 - Assess emerging requirements
 - identify gaps not currently addressed by IEEE 802.3 standards
 - Facilitate building industry consensus
- Note
 - Any individual with an in-scope activity can leverage this ad hoc. Contact ad hoc chair.
 - Does not supersede any existing rules or processes

IEEE 802.3 NEA Ad Hoc Output

- Multiple types of deliverables –
 - Will provide records of the meetings, including minutes and supporting presentations.
 - May be the creation of one or more consensus presentations that are used as the basis for one or more Call-for-Interests to study new areas.
 - May be the creation, as appropriate, of white papers documenting the findings of the IC activity.
- Groups need to provide guidance on their proposed output

Requesting CFIs

- [IEEE 802.3 Ethernet Working Group Operations Manual](#), See Subclause 4.2
 - A SG is formed when enough interest has been identified for a particular area of study within the scope of the WG. The first step in the process is a call for interest. This can be made at the WG opening plenary by any member. Any request to make a call for interest shall be made to the WG Chair. This request shall be made at least 35 days in advance of the start of the WG plenary. A SG can then be initiated by vote of the WG and must be approved by the LMSC EC. During this approval process the LMSC EC decides whether a SG is within the scope of the WG, should be moved to another Working Group or should be set up as an Executive Committee Study Group (ECSG).
- Translation:
 - Requests must be made by 802.3 Members, i.e. voting members, to the 802.3 WG Chair
 - Requests must be made 35 days in advance of the start of the WG Plenary (suggest using Sunday at start of Plenary week)
 - Approved by the 802.3 WG and then by the 802 EC
- **CONSENSUS BUILDING IS KEY**

Thank you!
