# Cable Current Ad Hoc Recommendation

**Bill Delveaux**

**Cisco Systems**

**bdelveau@cisco.com**

# Current Status

- **Liaison Letter written, request made**

- **Have data on wire temperature rise**

# Wire Current Ad Hoc

**Manage the interface with other groups:**

- **Interface with TR-42 (42.7) and ISO SEC**

- **Attend meetings and ad hocs**

- **Get formal response back from temperature data request**

**Define Project milestones and schedule**

**Report progress back to IEEE 802.3at**

# Ask

Do we want to have a point person for 802.3at?

If yes, who?

# Questions …

**… or comments**
