EPoC TDD – Data Detector and Downstream PCS Considerations, Patrick and Andrea (Qualcomm)

- Slides sent to the reflector the previous week
- This will be submitted tomorrow to the TF chair
- Focus on TDD Downstream
- It would be useful if this presentation is presented to the full TF next week
- Next week's call will be canceled, since many people will be traveling to the IEEE 802.3bn meeting in Victoria, BC.
