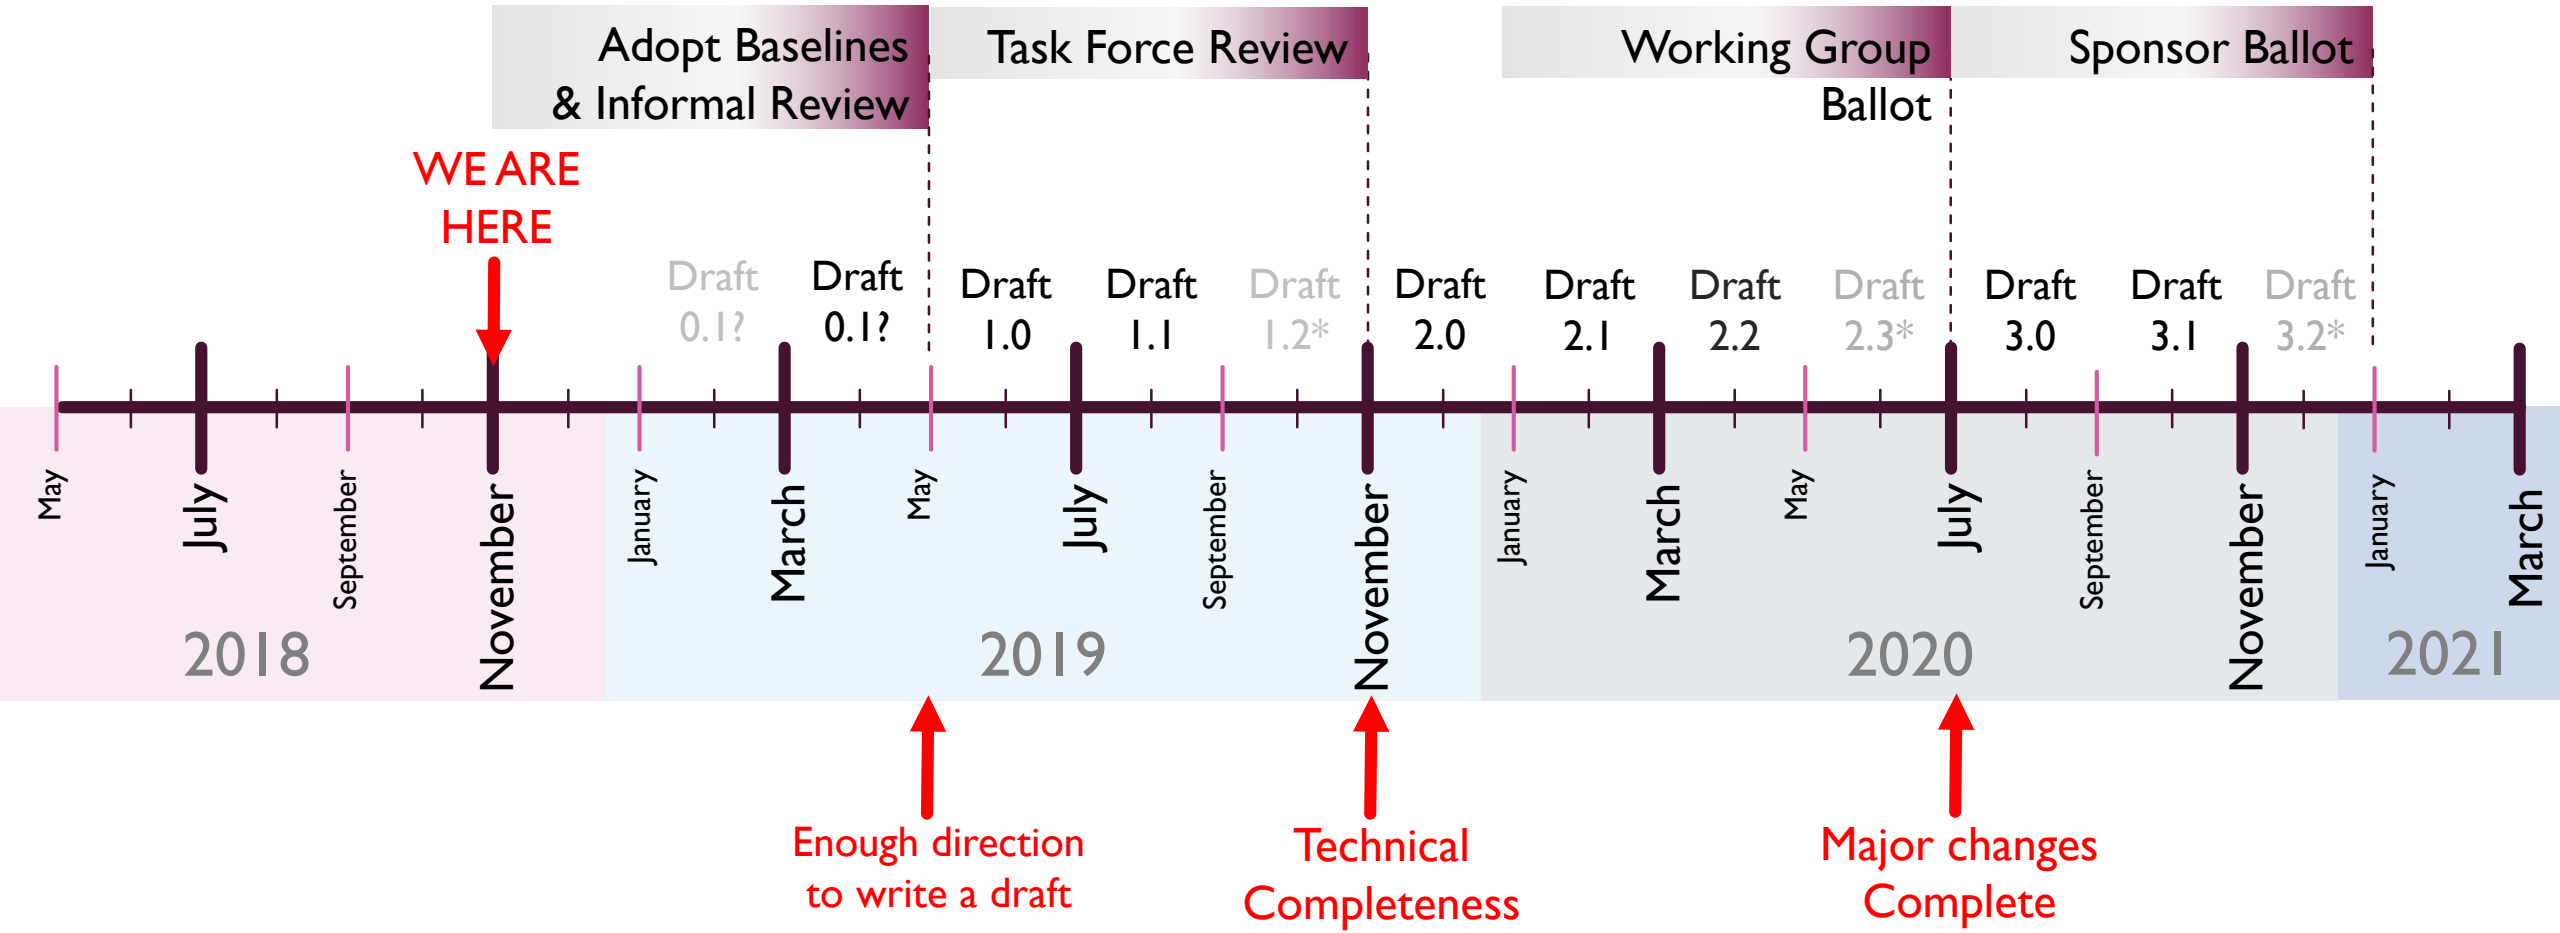
PROPOSED TIMELINE FOR ADOPTION



– Plenary meeting – Interim meeting

*These drafts should have no/minor comments in order to move to next phase of the project.

THINGS TO KEEP IN MIND

- *No magenta text!!!*
- Draft 0.1 ← needs clear direction
  - not a formal review/comment cycle
- **TBDs are ok**, but ideally these will narrow by May
- *Baseline should be complete, supported, and multi-vendor*

THANK YOU
