Subject: Status of IEEE P802.3ck Task Force

Approval: **Agreed to at IEEE 802.3 Telephonic Plenary meeting, July 23, 2020**

Dear Mr. Frlan and members of the OIF,

Thank you for your liaison letter providing the status of the OIF CEI-112G projects along with the draft Implementation Agreements. We find these drafts helpful to reference in our discussions.

**IEEE P802.3ck (100 Gb/s, 200 Gb/s, and 400 Gb/s Electrical Interfaces Task Force) has completed our third round of task force review resulting in Draft 1.3 (attached). We will continue task force reviews until we reach technical completeness. ~~The transition to virtual meetings as well as the complexity of the problem we're trying to solve has impacted the timeline for our project, our new estimate can be found at <insert link>.~~**

Thank you for your collaboration!

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
