The chair reviewed the agenda of the meeting.

The chair noted that Peter Stassar had made a late contribution, "Updated black link configuration figure in 154.6."

There were no objections to approving the meeting agenda, and it was considered approved.

21-Dec-2020 Minutes - https://www.ieee802.org/3/cw/public/adhoc/20_1221/minutes_3cw_201221_unapproved.pdf

The chair noted that this meeting was listed as "Plenary Teleconference Meeting" and that Plenary needed to be deleted. The chair asked if there were any requests to further modify the minutes of the Dec 21 ad hoc meeting. There were none. Chair asked if there were any objections to approving the modified minutes as noted. There were none, and the modified minutes were considered approved.

Chair noted that link to following IEEE-SA policies had been sent out to the reflector (All of these policies may be found at <http://ieee802.org/3/policies.html>):

- IEEE SA patent policy
- IEEE SA Copyright Policy
- IEEE SA Participation Policy

Chair asked if anyone needed to review the policies at that time – there were no requests to do so.

Chair displayed slide #2 of the IEEE-SA PatCom Patent Slides for Standards Development Meetings. Chair asked if anyone participating had not read the patent slide set – no one responded. Chair did the call for Potentially Essential Patents – no one responded.

Chair asked if anyone participating had not read the copyright slide set – no one responded. Chair showed the IEEE-SA copyright slides.

Chair displayed slide #2 of the IEEE-SA Participation Policy and stated 'Participants in the IEEE-SA "individual process" under which the project operates shall act independently of others, including employers, and shall act based on their qualifications and experience. By participating in standards activities using the "individual process", you are deemed to accept these requirements; if you are unable to satisfy these requirements then you shall immediately cease any participation.'

Presentation #2 Considerations for 400GBASE ZR 75GHz Black Link Transfer Functions

Presenter Bo Zhang
