Subject: Liaison reply to OIF liaison letter "Updated revision 05 of the CEI-224G-LR-PAM4 specification", dated 12 May 2024

Approval: Agreed at IEEE 802.3 closing Plenary meeting, Montreal, QC, Canada, 18 July 2024

Dear Mr. Bois and members of the OIF,

Thank you for your liaison letter from May 2024 regarding the OIF CEI-224G-LR revision 05 specification.

The IEEE P802.3dj project recently initiated the second Task Force review and is actively working towards a technically complete document.

The IEEE P802.3dj Task Force heard presentations and proposals addressing copper cable and backplane PHYs that may be of interest to your work on CEI-224G-LR. These presentations may be found at <https://www.ieee802.org/3/dj/public/24_05/index.html>, <https://www.ieee802.org/3/dj/public/24_06/index.html>, and <https://www.ieee802.org/3/dj/public/24_07/index.html>.

¹ This document solely represents the views of the IEEE 802.3 Working Group, and does not necessarily represent a position of the IEEE, the IEEE Standards Association, or IEEE 802.

We look forward to the continued collaboration between our two groups.

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
