Subject: Reply to Incoming Liaison JTC 1/SC 25/WG 3 N 1329

Approval: Agreed to via email ballot, **xx August 2024**

Dear Mr Oehler,

The IEEE 802.3 Ethernet Working Group would like to inform ISO/IEC JTC 1/SC 25/WG 3 that the IEEE P802.3da 10 Mb/s Single Pair Multidrop Segments Enhancement Task Force has circulated draft D1.4 and is making progress in Task Force review. As promised in our reply to your liaison letter ISO/IEC JTC 1/SC 25/WG 3 N 1329, IEEE 802.3 would like to share our latest draft of IEEE P802.3da.

The IEEE 802.3 Working Group notes that this draft is still in Task Force review and as such, we expect further changes. Specifically, the Task Force is reviewing the allowed current per

mixing segment with the goal of allowing the greatest reasonable current to maximize power delivery.

Thank you for your continued collaboration with the IEEE 802.3 Working Group.

Sincerely,
David Law
Chair, IEEE 802.3 Ethernet Working Group
