

IEEE P802.3cz Multi-Gigabit Optical Automotive Ethernet Advancement to WG ballot

Robert M. (Bob) Grow
RMG Consulting/KDPOF
802.3 Virtual Plenary
17 March 2022

Task Force Omnibus Motion (22 Feb)

Motion to support and adopt division of Multi-Gigabit Optical Automotive Ethernet work into two projects per watanabe_3cz_01g_220222.pdf and direct the TF Chair to prepare project documents consistent with this presentation for March plenary consideration.

In addition, adopt Chief Editor's draft (Chief_Editor_proposes technically_complete_draft.pdf) as P802.3cz/D1.3 and request that P802.3cz/D1.3 be submitted for March plenary WG preview.

Passed by unanimous consent.

P802.3cz Draft Status

- TF adopted a “Chief Editor draft” that includes:
 - PMD baselines
 - Subsequent TF motion authorized the update of PICS consistent with technical content, (included in D1.3 preview draft)
 - TF approved submitting P802.3cz/D1.3 for WG preview in anticipation of a motion to request WG ballot
 - P802.3cz/D1.3 announced for WG preview on 28 Feb per IEEE 802.3 Operations Manual, 2.6.2.b:

Motion #__

Move that the IEEE 802.3 Working Group approve advancement of P802.3cz draft to WG ballot.

M: R. Grow on behalf of the TF
