Subject: Liaison to ITU-T SG15 on coordination between the IEEE P802.3cs task force and Q2/SG15 project G.9807.3, Wavelength multiplexed point-to-multipoint 10-Gigabit-capable passive optical network

Approval: Agreed to at IEEE 802.3 WG teleconference, March 17<sup>th</sup>, 2022

Dear Dr. Effenberger,

Given the similar objectives between the IEEE P802.3cs Increased-reach Ethernet optical subscriber access (Super-PON) Task Force and the ITU-T Q2/SG15 project G.9807.3, Wavelength multiplexed point-to-multipoint 10-Gigabit-capable passive optical network, we attach IEEE P802.3cs draft D3.2.

The IEEE P802.3cs task force is currently meeting through teleconferences which are open to all individuals to participate. Teleconferences are announced on the IEEE P802.3cs reflector and listed on the IEEE P802.3cs web page <<https://www.ieee802.org/3/cs/index.html>>. The IEEE P802.3cs reflector subscription information can be found at <<https://www.ieee802.org/3/cs/reflector.html>>.
