Abstract:	This LS invites the ITU-T and ITU-R engaged in developing standards relat the new version of the Access Networ	ted to ANT to r	eview and provide their updates on

ITU-T Study Group 15 entrusted WP1/15, under Question 1/15, with the task to manage and carry out the Lead Study Group on Access Network Transport (ANT) activities. The outcome of the activities is twofold and consists of the ANT Standards Overview which contains a list of the existing Standards and Recommendations from ITU and various other standardization bodies, as well as the ANT Standards Work Plan which provides information on the related Work Plan and ongoing ANT activities of these organizations. These both documents are used to identify gaps and overlaps of standards activities pertaining to Access Network and so as to help in the coordination of ANT standardization activities. Both documents were revised during the ITU-T SG15 meeting, 19-30 September 2022. The new updated versions from the meeting can be found on:

http://www.itu.int/en/ITU-T/studygroups/com15/Pages/ant.aspx

Plan.

#### - 2 -SG15-LS6

Q1/15 would like to express thanks for your kind cooperation, especially to those organizations that have been previously contacted and made specific recommendations to update both documents by LS. As usual after each revision, Q1/15 would again like to draw your attention to both documents and would appreciate any suggestions and comments.

### Access Network activities outside ITU-T SG15 WP1/15

### ANT Standards Overview

The published standards concerning your group are listed in Annex 2 "ANT-Relevant Standards" of the Standards Overview and your revision is highly welcomed.

Note also the web presentation of the ANT Standards Overview hosted on the ITU-T SG15 website page "Documentation": see at <u>https://www.itu.int/net4/ITU-</u>

## ANT Standards Work Plan

Section 3.2 "List of on-going standardization activities in the area of Access Network Transport in other groups within ITU and other Standards Development Organizations" provides information on the Work Plans and ongoing ANT activities of various standardization groups outside ITU-T SG15 WP1/15. Q1/15 invite you to review the status of the standardization activities related to Access Network Transport within your group or organization and to point out identified issues, gaps and overlaps regarding Home Network standardization.

Section 4 "List of Contacts" contains a contacts list of standards organizations engaged in developing standards related to ANT. Q1/15 welcomes your comments and suggestions on this list, including any candidate standards organizations to add or you believe could be removed as not pertinent to the ANT Standardization and Work Plan.

Q1/15 of ITU-T SG15 looks forward to future liaisons with all pertinent ITU-T and ITU-R Study Groups, and other pertinent SDOs to keep the ANT Standards Overview and Work Plan current, relevant and effective.
