# July 2025 Plenary Information

Restaurants in Spain do not typically open for dinner until 8 pm.

Time for dinner will generally take more than one hour to get your meal.

This means that our nominal 6-7:30pm (18:00-19:30) dinner break would not allow anyone time to eat and return for an evening meeting during our plenary session.

WGs are free to choose their own start times, but the nominal slot times would be set up in IMAT for WGs to align scheduled breaks, lunch, and dinner periods.

The IEEE 802 LMSC has requested feedback from the 802 Working Groups by offering two options for consideration.

# Straw Poll (#1) on Time Change for 2025 July 802 Plenary

## Straw Poll:

Considering the opening times for the restaurants in Madrid, Spain, I prefer to adjust the planned times for meetings:

### Option 1: Keep nominal schedule, but add PM3 before dinner

AM1=8:00-10:00; AM2=10:30-12:30;

Lunch 12:30-13:30

PM1=13:30-15:30; PM2=16:00-18:00; PM3=18:30-20:30

Dinner after 20:30

### Option2: Move full schedule back 1 hour (start 9 am) & add PM3 before dinner

AM1=9:00-11:00; AM2=11:30-13:30;

Lunch 13:30-14:30

PM1=14:30-16:30; PM2=17:00-19:00; PM3=19:30-21:30

Dinner after 21:30
