## Planned Objectives for the May Interim

- Prepare regulatory documents as time permits (will prioritize at 802.18 opening plenary)
- Hold joint meetings with other groups, if requested
- Try to finalize draft of 802.18 operating rules for TAG vote and submission to SEC for review and vote at July 2003 802 Plenary
  - plan to work via e-mail correspondence, with conference calls as necessary to further progress work between now and the July Plenary meeting
